

CHILDREN HELPING CHILDREN

BOX OF HOPE 2020

Dear Friends,

As you know this year, our Hong Kong way of life has been hugely affected by Covid with charities being one of the areas taking a huge hit.

Box of Hope 2020, is facing so many restrictions with school closures, limited overseas travel and shipping, barriers to volunteer gatherings amongst other things meaning we are not confident that we can go ahead. No-one is more disappointed than us, the Box of Hope Team.

However there is good news. Using current stocks we will try to send out as many boxes to children living in poverty in Hong Kong who need our help this year more than ever.

If you would like to support us please donate through our website so we can distribute as many boxes as possible this year. Our dream is to support as many children in need in Hong Kong as we can.

We look forward to **Box of Hope** returning in **2021!!!**
